PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MARCH 1, 1918

PARIS ENTITLED TO STATE AID FOR MAIN STREET.

At a meeting of the City Council some time ago Councilman J. J. Veatch brought up the subject of obtaining State aid for Main street from the road fund of the State Roads Department, and gave it as his opinion the aid could be secured, if the proper effort should be made.

Mayor E. B. January addressed two communications to Attorney-General Chas. H. Morris, setting forth the needs of the fund for the street, and asking for an official opinion as to the matter. He explained to the Attorney-General the deal by which the street was transferred to the city from the county, and that there was every reason in the world why Paris should have the benefits of the fund. Yesterday Mayor January received the following reply from Mr. Morris:

"Frankfort, Ky., Feb. 27.
"Mayor E. B. January, Paris, Ky.
"Dear Sir:

"I have read your letter of the 22d inst., and am of the opinion that under the facts stated your city would be entitled to State aid, particularly if Main street be a connecting link in an inter-county road. This seems to be in conformity with Sub-section 7, of Section 4356X Kentucky Statutes, and the rulings thereon by the State Good Roads Department.

"Yours Truly,
"CHARLES H. MORRIS,
"Attorney-General."

BOURBON FARMING CONDITIONS

Farming conditions in Bourbon, as well as other counties in this section, have greatly improved with the advent of clearer and somewhat warmer weather. Many farmers have started their spring plowing, turning sod land, and clearing up the winter's accumulation of rubbish. They have also been very busy in the past few days rushing their tobacco to the local market so as not to interfere with the coming of spring work on the farm.

Although "moving day" is generally the first of March, the roads yesterday were lined with the movers' caravans, and for several days there will be a shifting of farm tenants to other places to prepare the ground for another crop of the soothing weed. In fact, the work has been going on in a number of places where tobacco beds have been burned in preparation for the season crop.

There is every indication of a larger acreage of tobacco in this county this season. It was thought last season that the acreage would be reduced and that some of the ground would be planted in hemp, that staple having brought such good prices the past season. The growers say that raising tobacco at \$25 to \$50 per hundred pounds will be far more profitable to them than raising hemp.

There has been nothing to indicate that any serious damage has been done to the wheat crop, and many farmers who have made a close examination of their fields say they are in first-class shape, and that the young shoots have survived the terrible winter in fine shape. The snowy covering which has been over all has tended to protect the wheat and other hardy crops and the result will be good crop average this fall of the cereal that makes the "staff of life." The grass in pasture lands is coming up fine and promises to make a good showing with the advent of warm weather.

Poultry, which is now sky high in price, and still flying, has come out of the winter seige in good shape, and the hens now laying are making the prices of eggs take a tumble. From seventy cents a few weeks ago the fruit has dropped in the price scale until thirty-five cents per dozen is the order of the day with the retailers.

Altogether, the coming spring is casting its lights as well as shadows before, and the outlook is a very bright one for the farmer, whose fields of activity have been limited for several months.

FARMERS MUST NOT FEED WET CORN TO YOUNG STOCK.

The question of feeding wet corn to young stock has caused farmers of Kentucky to investigate the possible results and, although there has been very little trouble in Central Kentucky along this particular line, the feeding of young pigs, beef and dairy cattle in this locality is being carefully guarded and wherever wet corn is given it is given in small portions. For instance the young dairy cattle may have three or four ears, the young beef cattle about two ears and the pig about one-half ear to start with and the portions are increased gradually up to the regular feed. Of course roughage is fed with the corn. With young calves it will not do to feed wet corn and farmers do not attempt to give it. If wet corn is decayed the farmer would under no circumstances give it to any stock and the case of frosted corn wherever it is fed the greatest risk is taken and trouble may be expected.

Ben Leach, of Paris, who has been a member of the navy training force at Camp Decatur, Great Lakes, Ill., has been transferred with a number of others, to Camp Perry, on the lake front. These men are learning mechanical engineering and machine work in the Public Works department of the service, from where they will be sent on board one of the ships for nautical training.

A letter from Ralph Huffman, formerly of Paris, to relatives in Covington, stated that he had arrived safely in France on the overseas journey with an army transport. The location and name of the ship was not given. Huffman is a son of Mr. and Mrs. W. J. Huffman, of Covington, and a brother of Mr. Clyde Huffman, of the R. P. Walsh clothing house, in Paris.

Mr. Frank Higgins came from Camp Zachary Taylor, Wednesday, for a short visit to his parents, Mr. and Mrs. Chas. Higgins, near Paris. Mr. Higgins reports the Paris boys as well and "doing their bit," but anxious to get into real action.

Mr. Monroe Sweeney, who has been spending his furlough here with his mother, Mrs. John S. Sweeney, returned Wednesday afternoon to Camp Dewey, at the Great Lakes, Ill., training station, where he will enter the aviation training school.

The Dr. Barrow Base Hospital Unit No. 40 has been filled to the required number of enlisted men, some forty-odd men having been accepted during the past three days. Two were accepted Wednesday afternoon, bringing the number of enlisted men in the unit up to two hundred.

Among the new names of Bourbon county men who have enlisted for service in the Dr. Barrow Base Hospital Unit No. 40 are those of Herbert J. Siedd, North Middletown, and E. Buchanan, Austerlitz.

Members of the Lexington chapter of the Red Cross served sandwiches, coffee and distributed tobacco to drafted men from Bourbon, Fleming, Harrison, Mason, Nicholas, Robertson and Powell counties which passed through there Monday on their way to Camp Zachary Taylor for training. The men were met at the Lexington Red Cross chapter, and served luncheons.

Martin McCann, who was recently elected County Clerk of Nicholas county by a handsome majority, has resigned the office, and entered the army service at Camp Zachary Taylor. Mr. McCann accompanied the Nicholas contingent to the camp Monday, as a volunteer.

William Barnes Higgins, son of Mr. and Mrs. Charles V. Higgins, is visiting his parents, on the Bethlehem pike, near Paris. Mr. Higgins is in the Aviation Corps at the Great Lakes, Ill., training station. He is well-pleased and content to be serving Uncle Sam, and hopes to become a full-fledged "flier" in time to help the U. S. to greater extent.

THE GRIFFITH WILL.

By the terms of the will of the late Mrs. Margaret Spears Griffith, formerly of Bourbon county, who died at her home in Harrison county, some weeks ago, Bourbon county people are made beneficiaries in various amounts. The will, which was dated June 1, 1917, was probated in the Harrison County Court at Cynthiana recently.

Her daughter, Mrs. J. T. Sharrard, of Paris, is bequeathed the sum of \$1,000; another daughter, Margaret Griffith Kerfoot, \$1,000, while sons ranging from \$500 to \$200 are left to her granddaughters, and great-granddaughters, Mary and Elizabeth Griffith, daughter of W. King Griffith, Margaret and Virginia Bosworth, Nancy Vasant Griffith, Margaret Findlay Griffith and Kerfoot Moore Griffith. All the remainder of the property and the household goods and furniture to her son, Hubbard Frazier Griffith.

MAIN STREET PROPERTY, FOUR COTTAGES AND SEVERAL BUILDING LOTS AT AUCTION.

If you are in the market for a home, a business house or a building lot wait for the D. S. Henry sale on March 1st, at 2 p. m.

REPORT OF BEDFORD SALE

At the sale of stock, crop, etc., of Mr. Silas E. Bedford, held on the home place on the Ford's Mill pike, yesterday, Messrs. Ossian Edwards, Henry S. Caywood and Hense Margolen alternated as auctioneers, all giving a good account of themselves in that capacity. There was a good attendance, and everything offered brought good prices. Mr. Bedford and family will move to Paris to reside.

COURT OF APPEALS REVERSES BOURBON CASE.

In the Court of Appeals at Frankfort, Tuesday, the court handed down a decision in the case of Clay vs. Clay's Committee, sent up on appeal from the Bourbon Circuit Court. The decision reversed the lower court. The case grew out of a sale of land belonging to George and Joseph Clay, near Paris.

SACKETT WARNS AGAINST IGNORING OF FOOD RULE.

Fred M. Sackett, Federal Food Administrator for Kentucky, has called attention to a ruling of the administration which was made some time ago, but which does not seem to be fully understood, and the failure to observe which may lead some into difficulties with the Washington office. This ruling requires all delays in flour not to sell to anyone who is subject to license, but who has not yet taken out a license.

All millers, all wholesalers of flour, all retailers during a business in foodstuffs at the rate of \$10,000 a year, and particularly all manufacturers of alimentary paste, are subject to license. Unless the order of such persons shows the license number on the order they should be refused.

Some wholesalers and flour dealers have even been resorting to the plan of bidding to millers for flour at price in excess of proper rulings as determined by the milling division's regulations, thereby putting in jeopardy their own licenses, as an offer to pay for flour a price in excess of milling regulations comes under prohibition as an unfair practice.

BOURBON CIRCUIT COURT TO CONVENE MARCH 11.

Today is the last day fixed by law for filing suits to be heard at the March term of Bourbon Circuit which convenes on Monday, March 11, for a three-weeks' term. This allows an interval of ten days between the filing of suits and the convening of the term.

The docket for the term is still in the hands of Circuit Clerk Wm. H. Webb, and has not been announced. It is said this will be a busy term for attorneys and litigants, as well as court officials.

Owing to the absence of Circuit Judge Robt. L. Stout, who is ill at Clearwater, Fla., a special Judge will have to be appointed by Governor Stanley. The supposition is that Judge Fryor, of Falmouth, or Judge Shackleford, of Richmond, will be appointed, though the Governor has made no declaration on the subject.

PUBLIC SALE OF TOWN PROPERTY.

Having invested in farm land, I will convert a portion of my city property into cash to meet my obligations.

I will sell on Friday, March 1st, at 2 p. m., my two-story brick business house on Main street, opposite Fordham Hotel, and four modern frame cottages on Sixteenth street. They are substantially built and always rented to first-class tenants.

KENTUCKY D. A. R. REALIZE DREAM OF YEARS.

At last Kentucky Daughters of the American Revolution are to see the realization of their dream of years, a room in magnificent Memorial Continental Hall, at Washington, D. C. In this building which is a temple erected to the memory of ancestors who achieved American independence, most of the States have elegantly furnished rooms which are used for the State meetings, etc.

Kentucky, after much difficulty, secured one of the most desirable in the building, and through the efforts of her "Daughters," it will be furnished and ready for occupancy by the time of the Continental Congress in April. The carpet is laid and several rare furnishings have already been placed in it.

If necessary Uncle Sam may use this room during the war, as he may the others of the building. The dedication of this room will be an event no doubt that will create a greater desire on the part of the Daughters to be present at the coming Congress.

MISSING MAN LOCATED.

After having been posted to the authorities as another case of "mysterious disappearance," Mr. J. W. Adams, of near Winchester, for whom a vigorous search was instituted several days ago, turned up in Spencer county, where he had been several days.

Adams had left his home for the purpose of purchasing a farm in Bourbon county, but, after coming here and prospecting a day, he decided to go to Spencer county on a prospecting tour. He wrote to his wife from Lexington, acquainting her with his change of plans, but the letter miscarried and was not delivered for several days. In the meantime Adams had again changed his mind, and, being an expert in tobacco, accepted a remunerative position in the tobacco business in Spencer county. He returned home Tuesday night, and will take his family to Spencer county to reside.

REAL ESTATE DEALS AND LAND SALES.

Mr. Marshall Webb, of near Carlisle, purchased seventy acres of land located on the Carlisle and Moorefield pike, in Nicholas county, belonging to the estate of Mrs. Sallie Clay and Sidney Clay, of Lexington, for \$156.25 per acre.

Mr. Wm. S. Hall, of the Kiserteron vicinity, who recently sold his farm near Kiserteron, to Mr. Frank P. Kiser, of Paris, will move to Blanchester, Ohio, to reside. Mr. Hall has purchased a well-improved farm of 150 acres near there, and with his family, will take possession of the place to-morrow. The farm is located about thirty-five miles from Cincinnati, close to an interurban line.

Mr. J. H. Holland has sold his 100-acre farm near Broadwell, in Harrison county, to Mr. John W. Larkin, of Paris. Mr. Larkin recently sold his farm in Fayette county.

Through the real estate agency of B. J. Treacy, in Lexington, Mr. J. Gano Shropshire, of Fayette county, sold, on Tuesday, his 172-acre farm, situated on the Frankfort pike, four miles west of Georgetown, to Mr. James L. Gregory, of North Middletown, this county. The handsome colonial residence on the farm, occupied by Mr. and Mrs. Shropshire, was included in the sale. The price for the place is said to have been in the neighborhood of \$50,000. The purchaser will get possession of the farm on March 5.

Prof. J. M. Scott, of Paris, purchased this week in Boone county a farm containing 230 acres, for a price considerably above \$100 per acre. The purchase was made as an investment. Mr. Ernest Price, of Bourbon county, will manage the farm, which is located on the Dixie Highway, close to a farm owned by Mr. Charles E. Butler, of Paris.

Mr. Newton Bishop sold his farm, "Brownwood," on the Lafr pike, to Mr. Charles Holland. The farm contains eighty-four acres, and the price is said to have been \$20,000. Mr. Bishop bought the farm about two years ago.

Through the Bourbon Realty Co., of Paris, Mr. A. Byars, of Newtown, Scott county, purchased yesterday the farm on the Georgetown pike, known as the Bruce Miller farm, containing 123 acres, at \$200 per acre.

Harris & Speakes sold yesterday for Mr. Claude Weathers his farm of sixty-seven acres, lying near Clintonsville, for \$225 per acre. Mr. B. V. Biggerstaff, of Clark county, was the purchaser.

BARROW BASE HOSPITAL UNIT LEAVES TO-DAY.

The two hundred enlisted men of Good Samaritan Hospital Unit No. 40 will leave Lexington this morning. Final orders were issued yesterday.

At the roll call at nine o'clock yesterday morning, Captain Virgil E. Simpson, in charge of the mobilization of the unit, announced to the enlisted men who assembled in the lobby of the Ben Ali Theatre that the entire enlisted personnel of the unit would congregate in the lobby of the Ben Ali at eight o'clock this morning and after roll call would march in three sections to the Southern Railway station and there entrain for Camp Zachary Taylor.

Capt. Simpson stated that the enlisted men would probably be in Louisville several weeks for inspection and equipment. He said no definite date for leaving Camp Taylor could be set, but that when expedient and the men have been thoroughly trained in their various duties, they would be entrained to a port of embarkation and thereafter being joined by the doctors, nurses and other members of the unit, they would leave for overseas duty.

It is not thought here that the unit will remain at Camp Taylor long.

SOMERSET COMMENTS ON PARIS-SOMERSET GAME.

The Somerset Semi-Weekly News, of which "Father Bill" Schooler is the editor, makes the following comment on the recent basketball game played here between the Paris and Somerset High School teams: "The basketball team struck a snag in its effort to finish the season without a defeat. At Paris on last Friday night they came out the short end of a 37 to 30 score. Perhaps you can figure out the reason from the score. 'A hard trip, small floor, poor lights are some of the alibis, but it appears Paris has a good team. If they will come down here and beat us on our floor we will hand them the palm. Until then, suspend judgment.'

DOINGS OF THE LEGISLATURE AT FRANKFORT.

The House, Wednesday, receded by a vote of 62 to 31 from its personal-use amendment to the Anti-Shipping law, but stood pat on its other amendments, repassed the bill without the Waggoner amendment 78 to 3 and the Republican leader, A. J. Oliver, said that the Senate would accept the other amendments attached to the House, ending the fight.

The House also passed by an overwhelming vote a bill to permit the use of seines and nets of two-inch mesh to catch fish in navigable rivers of Kentucky after spirited debate. It was doubtful which bill aroused the most interest, but it was conceded by all that arguments on the fish bill were the most earnest, the loudest and the longest.

Governor A. O. Stanley came out squarely in favor of the abolition of useless offices, as recommended by the joint probe committee, in a message to both Houses of the General Assembly in which the Governor urged prompt and favorable action on the bills introduced providing for the carrying into effect of the recommendations of the committee.

The Governor, in his message points to the fact that both political parties, in their 1915 platforms, declared in favor of this reform and says that the plank is the sole one not yet redeemed by the present Democratic administration.

Representative Joe Huddleston, of Cumberland, offered a bill to prohibit racing, circuses and moving picture shows during the war and six months after its close.

TO THE PASTORS AND EPWORTH LEAGUES OF THE KY. CONFERENCE

With March 1, will come the closing month of "The Big Drive" in the Epworth League work, the purpose of which is that the number of League chapters may be raised to the equivalent of one League in every pastoral charge in a church where there now exists no League chapter.

I designate Sunday, March 2, as "Epworth League Day" in the Kentucky Conference and respectfully request that it be observed as such in every church within the bounds of the Kentucky Conference, by the local pastor at either the morning or evening public worship, by preaching on the Epworth League and its relation to the church as a saving force in the conserving of the young life of our congregations.

I also request that each President of a League Chapter present an earnest appeal before his League at the Sunday night service asking each member during the first week of March to join the League of Intercession, promising to pray at a specified time each day for the advancement of the Epworth League work and for the success of the campaign which it is bringing to a close.

Fraternally yours,
DENNIS V. SNAPP,
President Kentucky Conference Epworth League.

WELFARE OF FEDERAL EMPLOYEES IN WASHINGTON.

The Federal Government is not only giving close attention to the matter of the proper housing of its new appointees in Washington, but the general welfare of the employees is now considered in greater measure than ever before. Many of the young people who have come to Washington for war work are hundreds, even thousands, of miles from home for the first time in their lives. They are strangers in a strange land, and it is not to be wondered at that they become homesick and magnify the troubles that they are bound to meet during the period of adjustment to new conditions. The department heads realize that a good clerk must be a contented one, and many offices have appointed welfare workers whose business it is to take an unobtrusive interest in the affairs of the employees and to try to help them with their difficulties. Experiments along this line have had such good results that the number of offices which employ welfare workers is increasing.

Since the war began about 25,000 employees have been added to the civil service in Washington. The United States Civil Service Commission, whose duty it is to recruit this branch of the service, estimates that this calendar year will add another 20,000. Stenographers are being appointed in great numbers. There is also need for clerks, both men and women, who are trained in certain special or technical lines, ship draftsman, mechanical draftsman, and workmen in trades connected with ship-building. The representatives of the civil service commission at the postoffices in all cities are prepared to furnish definite information and application blanks.

HAVE YOU INCOME OF \$1,000?

Those of our citizens who are wealthy enough to have an income sufficient to bring them under the provisions of the Federal Income Tax law, will be interested in knowing that the time for filing reports with the Collector of Internal Revenue has been extended.

Those who have not yet made out their reports will have until April to get them up and send them in. A great many persons are under the impression that a report must be made out whether their income is as much as \$1,000, if single, or \$2,000, if married, which is a mistake. If your income is not large enough to bring you under the provisions of the law you need pay no attention to it.

EDITORIAL MUSINGS.

As To Editorials.

We have not had an opportunity to get the opinion of THE NEWS readers as to the merits or demerits of "Musings." But we wish to reprint the following from the Publishers' Auxiliary of recent date:

"Mr. Fred E. Hadley, president of the Minnesota State Press Association, is a strong believer in the value of editorials in the county papers. At the recent meeting of the Association, President Hadley, in the course of his remarks, said:

"I am a strong believer in the editorial column, and would earnestly urge every editor to write editorials, through which he may give vent to his ideas on local, community, State and National affairs. It seems to me that while the city and county news is the heart of the rural press, the editorial column is its backbone. Personally, I care no more for an exchange without editorials than I do for an almanac of the vintage of 1888. Without editorial utterance there is nothing there that interests, and the average country paper becomes but the vendor of small gossip and a retailer of things hardly worth while.

"While the day of the personal organ in the large cities has gone, and personalities on the metropolitan press are submerged, it is not true of the country press, and the way in which every editor can give expression to his personality is through the editorial column. Some say that people do not read editorials. The people will read them if they are brief and have the punch and the pep in them, but they will not read editorials if they are longer than the moral law, and drier than a Kentuckian in Iowa."

An Instance of Popularity.

It is every day a matter of wonder as to the apparently never-waning popularity of some of the stars who appear on the motion picture screens. This was called forth by THE NEWS man, as he stood in a point of vantage at the Paris Grand Opera House, Tuesday night, and took mental note of the surging sea of humanity who came to see petite Mary Pickford, in her charming presentation of a most charming patriotic photoplay, "The Little American." The crowd exceeded any that he has ever seen inside the walls of the Grand at a motion picture performance. An overflow performance could have been given to those waiting outside for a chance to get in. At the conclusion of the first presentation the crowd that surged forward from the outside almost fought for places of those who had just gone, and there was still hardly standing room in any part of the house. The play itself was a wonderfully thrilling and appealing one, showing in a most vivid manner the horrible brutality and application of the German "Kultur." It brought home to hundreds in that audience the reflection, "What if that should come to our happy land?"

Buy a War Stamp.

The greatest thing about learning to save is to make a start. There are very few persons who have not determined at one time or another in their lives that they would lay by something for the proverbial rainy day. Where they fall in their plans

in the majority of cases is that they never get enough ahead, as they think, to warrant them in opening a savings account at the bank or making any definite move toward acquiring habits of thrift. When they are in funds their thoughts are filled with wants which must be met, and their desires grow, as a rule, decidedly faster than they are able to gratify them.

For the people of this kind the War Savings Stamp movement should accomplish wonders. War Savings Stamps make saving easy, and they make it attractive. Twenty-five cents is all that is needed to make a beginning, for that will buy a Thrift Stamp. For \$4.12, invested now, a War Savings can be purchased, redeemable by the Government in January, 1923, at \$5.00. Many who buy these stamps will thus come to comprehend for the first time the magic of compound interest and will perceive for themselves the meaning of the old adage, "Take care of your money and your money will take care of you." This is a lesson once learned is not easily forgotten or disregarded.

A Hint To Merchants.

The city of Paris, Ky., will never become a good business center so long as its business men rely on a few merchants to make the effort to bring trade to the city. Too often, alas, far too often, a few men in certain lines of trade are the only ones who seem to have the interest of the city at heart, as well as their own, and too often they are about the only ones who make any effort at all to reach for the outside trade. Other merchants wait until these merchants induce the people to come to Paris, and content themselves with the trade that naturally drifts to their doors because they have "been in business here for many years."

A public spirited man should ask himself if he is doing his best to attract people to come to Paris to trade, thereby helping the whole community. No city can ever be a success unless all lines are busy working to extend their trade as far as possible, and trying to bring a larger territory in the circles of which Paris is the logical center. Get busy, men! Awake, Paris!

Know One of These?

When you hear a man running down his home paper or any other local industry just take a look at him. Ten to one he will have a chin as long as a rail, an eye as restless as a horse thief, and he will hitch around in his chair as if he had a touch of St. Vitus' dance. Talk with him a while and you will discover that he has made a failure of everything he has ever tried (except being disagreeable), and nine times out of ten he is dependent on the public for favors or support. You will find him a meddlesome, peevish, jealous, hateful and unreliable nature; a man who is always complaining, and although he has but little, if anything of his own, one would imagine, to hear him talk, that he had a quitclaim deed to the earth and a first mortgage on Heaven. He knows everybody's business, and why shouldn't he? He has none of his own to take up his time. Such people, like mosquitoes, were not created in vain, perhaps, but one fact remains staple, they do not add materially to the pleasures of conduct in legitimate business.

In Them Back Days.

Now that everything in the eating line is being Hooverized, it may be of interest to the younger generation of Bourbon county people to know that during the Civil War in America the War Department issued an official order regulating the cost of necessities of life. While all food stuffs were exceedingly scarce in 1863, here are some of the prices: Bacon, 10 and 12 cents per pound; sirloin steak, 15 cents; ham, 15 and 18 cents; mutton and pork, 12 cents; butter, 25 cents; lard, 15 cents; potatoes, 25 cents a peck; chickens, 50 cents a pair; small cabbage, 3 cents; watermelons, 10 cents each. "Any person," said the order, "convicted of selling at higher rate will be punished according to the discretion of the Provost Marshal and the produce shall be forfeited." Of course, there are many still living in this city who can remember very distinctly when these prices were in effect, but the younger element who talk about the high prices of everything in war time should know that their grandfathers and grandmothers knew what real times were in their days during the Civil War.

"Ain't It The Truth?"

Some men (and women, too) seem to think when they get into a "scrape," and the local paper mentions their name and the occurrence, that it is done out of malice toward them. In nearly every case of this kind nothing could be farther from the truth. It is the editor's business to publish local happenings, good or bad, and if a man furnishes material for a bad item he has no one to blame should it appear. At that it is not what is printed in the local papers, but oftener what is suppressed that they ought to be thankful for.

Jos. Callaux says he was a Wilson man, but the President can't be held responsible for that.

Besides the unsinkable ship we have an unconquerable people.

The Thrift Saving Stamp Campaign To Help the American Arms

We are prayerfully eager to see the war end, to see despotism crushed and peace established for all time to come. Nothing will do more to discourage the Kaiser and convince him of the futility of prolonged conflict than for us to show him that all the loyalty, all the determination, all the patriotism of the American people at home are behind the American soldiers facing him on the fields of battle. When we use our savings to help win the war we are showing the Kaiser that he is facing the task of conquering, not one million, nor five millions, but one hundred millions of Americans!

SAVE, therefore, and invest your money, little or much, in the world's safest securities—Uncle Sam's War Savings Stamps. Every dollar so saved better your own condition, and is a blow for Liberty and Peace on Earth. You can invest as small as 25 cents at a time in United States Thrift Stamps. This means that every person, no matter how limited his resources, can have a part in winning the war, and at the same time profit by the investment.

The war against German frightfulness must be won by SAVING—a lesson now made easy for Americans to learn. It is plainly evident that final victory will go to the side which is best equipped and holds out longest in food, weapons, munitions—and money. That does not mean that America must endure privation at this time; but it does mean that we—all of us—must save resolutely where formerly we have been careless or wasteful. Just now it is of the utmost importance that we save our money, every dollar we can spare from actual necessities, that our Government may have the temporary use of it to defray the enormous immediate expenses of the war. In return for the loan of these savings the Government pays us interest, and absolutely guarantees the safety of the principal.

NATIONAL IMPLEMENT INSPECTION AND REPAIR WEEK.

The National Federation of Implement Dealers of the United States have designated March 4th to the 9th as National Implement Inspection and Repair Week, and recognizing the importance of this great patriotic, preparatory and essential movement, I hope the farmers of Bourbon county will instantly recognize the importance of seeing that the necessary repairs of all farm machinery and farm implements are made during the week of March 4th to the 9th, 1918, in other words, it will be a "get-ready-week," and sincerely hope that every farmer not only in Kentucky, but in America, will devote that week to repairing and overhauling and getting ready his farm machinery and implements, in order that when the spring season arrives, everything will be in readiness to begin preparation for the largest yield of foods and feeds this State has ever grown.

Therefore, Mr. Farmer, to that end, impressing upon you the loyalty and patriotism displayed in this movement, may I beg of you that your best efforts be put forth during the week of March 4th to the 9th, preparatory to not only supplying an adequate amount of food for our own people, but to see that a surplus is produced which may be accessible to those in foreign lands, who are fighting the battle for a world's freedom.

It is recognized throughout America that during 1918 we will either "do or die," "sink or swim," "be victims or victorious," and in order to accomplish this victory, the farmers of America must put their shoulder to the wheel of production and by their efforts save to the blood-thirsty Huns and Hounds whose only aim seems to be to kill, to destroy, to master and to conquer "You shall not pass."

MAT S. COHEN,
Commissioner of Agriculture.

Armed Vehicles Failed.

In 1874, when Holland attempted to invade France by sea she furnished the expedition corps with large numbers of armed vehicles, which were conceived with the idea of arresting the rushes of the cavalry. In addition there were companies of grenadiers provided with grenades not dissimilar in principle from those of today. However, in landing on Belle Isle they were hurled back by the Bretons and their carts and grenadiers forced into the sea.

Shower Bath and Massage.

A Texan is the inventor of a combined shower bath and massage machine, brushes being revolved by an electric motor against a person standing within a tall cylinder into which water is sprayed.

Senator Chamberlain's War Cabinet proposition may not be doomed after all. Senator Reid, of Missouri, you'll remember, is against it.

DON'T DELAY.

Some Paris People Have Learned That Neglect is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected kidney ailments. That pain in the "small" of your back; that urinary dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there is yet time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are known all over the civilized world. Endorsed at home. Read Paris testimony.

Mrs. J. W. Markland, 326 Eighth St., says: "Some few years ago I suffered severely with kidney complaint and sometimes was in a serious condition. I had a constant, dull ache across the small of my back and I was terribly dizzy at times. I have used Doan's Kidney Pills for this trouble and they have helped me more than anything else. Always relieving me of the complaint."

Price 60c, at all dealers. Don't simply ask for kidney remedy—get Doan's Kidney Pills—the same that Mrs. Markland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv. March)

Speed on the Piano.

When a well-known pianist was playing a presto by Mendelssohn a man who was present set himself to counting the notes and the time occupied. She played 5,595 notes in four minutes and three seconds. Every one of these notes involved three movements of a finger, elbow or arm. At 24 notes per second that amounted to 72 movements a second.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gillad, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to his office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerk named over everything on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of drug stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted to say nothing of the injustice to the makers of good goods and the disappointment of customers. (adv. March)

LEGS STIFF? JOINTS AND MUSCLES ACHE?

Linger Up! Rub Any Kind of Pain, Soreness, Stiffness Right Out With "St. Jacobs Liniment."

Don't stay sore, stiff and lame! Linger up. Rub soothing, penetrating "St. Jacobs Liniment" right in your aching muscles, joints and painful nerves. It's the quickest, surest painrelief on earth. It is absolutely harmless and doesn't burn the skin.

"St. Jacobs Liniment" conquers pain. It instantly takes away any ache, soreness and stiffness in the head, neck, shoulders, back, legs, arms, fingers or any part of the body—nothing like it. You simply pour a little in your hand and rub "where it hurts," and relief comes instantly. Don't stay crippled! Get a small trial bottle now from any drug store. It never disappoints—six gold medal awards.

22 Million Families in the United States

4 CUPS OF WHEAT FLOUR TO THE POUND

If each family used 4 cups of flour less per week, the saving would be 22 million pounds or 112,244 barrels *every week*.

The greatest help housekeepers can give to win the war is to make this saving and *it can be done* by using this recipe in place of white flour bread.

Corn Meal Biscuits

$\frac{1}{2}$ cup scalded milk
1 cup corn meal
2 tablespoons shortening
 $\frac{1}{2}$ teaspoon salt
1 cup white flour
4 teaspoons Royal Baking Powder

Save $\frac{1}{2}$ cup of the measured flour for board. Pour milk over corn meal, add shortening and salt. When cold, add sifted flour and baking powder. Roll out lightly on floured board. Cut with biscuit cutter and bake in greased pan fifteen to twenty minutes.

Our new Red, White and Blue booklet, "Best War Time Recipes," containing many other recipes for making delicious and wholesome wheat saving foods, mailed free—address

FOOD WILL WIN THE WAR

WAR NEWS AT HOME AND ABROAD.

WASHINGTON, Feb. 28. — Evil deeds that in spite of his commission in the United States army he was in touch with German agents, contributing to Von Bernstorff's propaganda funds and working for peace at any price before America went to war, was largely responsible for the heavy punishment imposed upon Capt. David A. Henkes, sentenced by court-martial at Governor's Island to dismissal from the service and imprisonment at hard labor for twenty-five years.

NEW YORK, 28. — Capt. David A. Henkes, 16th Infantry, U. S. A., has been sentenced to dismissal from the service and confinement at hard labor for twenty-five years by a general court-martial held at Governor's Island.

Henkes, who is of German descent, endeavored to resign his commission, saying he did not care to fight against relatives and friends.

Capt. Henkes was formally charged with violation of the Ninety-fifth Article of War. This charge recited that "having taken an oath of office in which, among other things, he pledged to support and defend the Constitution of the United States against all enemies, foreign and domestic," and that he would "bear true faith and allegiance to the same," he had written the letter concerning his resignation. The same charge was made in connection with the other letter.

The court-martial found him guilty and the findings having been reviewed by the Judge Advocate General, the sentence of the court, dismissal from the service and confinement at hard labor for twenty-five years, were ordered carried out. The United States disciplinary barracks at Fort Leavenworth, Kas., was designated as the place of imprisonment, and it was declared that "Capt. David A. Henkes, 16th Infantry, ceases to be an officer of the army from February 28, 1918."

The report was signed by Maj. Gen. William A. Mann, commanding the Department of the East, and by Col. W. A. Simpson, retired, Adjutant.

LONDON, Feb. 28. — Pskov, 175 miles southwest of Petrograd, has been recaptured by the Bolsheviks and street fighting is going on there, according to Exchange Telegraph dispatch from Petrograd dated Monday.

The Red Guards were resisting the

German advance everywhere.

The Germans have occupied Reval after an engagement with Russia's disorganized soldiers.

Austria-Hungary is ready to make peace with Russia, if her allies will act accordingly. Count Czernin, Foreign Minister, has made known in a wireless message to Leon Trotsky, the Bolshevik foreign minister.

The rapid German advance continues along the line southward, especially in Volhynia and the Ukraine.

In Siberia the situation is very serious and Japan is reported to be preparing to intervene there very soon. The non-Bolshevik forces there have to contend not only with the Bolsheviks, but also against released Austro-German prisoners.

Berlin advices received in Amsterdam as forwarded by Central News report that a state of siege has been proclaimed "in consequence of events in Poland" at Czenstochowa, Lodz and Vloclavsk, important towns in Western Poland.

Great unrest has been produced in Poland by the peace treaty arranged between the Ukraine and the Central Powers, under which part of Poland was to be annexed to Ukraine. Strikes and other disturbances occurred in Warsaw.

A report that 20,000 German soldiers refused to attack the Russians in the new campaign is given out by the Bolshevik Telegraph Agency.

Polish troops in some instances are said to have fled.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars Reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for testimonials.

HARD WINTER ON BIRDS.

According to Bourbon county farmers who are close observers, the winter which it is fondly hoped, is now past, was an unusually hard one on birds, especially the quail and other wild birds whose living depended entirely on their own efforts.

They are of the opinion that the winter has almost wiped out the quail, and hundreds of rabbits have been found frozen to death. Thousands of fish were frozen in the ice during the terrible winter. The farmers predict that the Game Commission will have to restock the country with game, especially the birds.

Many farmers report an almost total disappearance of pigeons from their places, and it is feared these birds were also frozen, or had gone South upon approach of the first blizzards.

The past winter will go down in history as one of the severest in its toll of death of both man, beast and birds, within the recollection of the present generation.

SADDLE HORSE SALES HELD IN LEXINGTON.

One of the most successful stock sales of the season was that held in Lexington, last week, by the Kentucky Sales Company. The final day of the sales was devoted to saddle horses, forty-six head selling for a total of \$8,496, an average of \$185 per head. The top sale of the day was made to George P. Urban, of Buffalo, N. Y., who paid \$1,775 for Liberty Bell, from the consignment of Ward & Ward, of Newtown, Scott county.

The sale was attended by saddle horse men from all over the country. Among others were the following from this county: Robert McCray, North Middletown; Robert Shropshire, Paris; Sanford C. Carpenter, Millersburg; Charles Best, Paris; Alie G. Jones, Jos. Jones, Henry S. Caywood, North Middletown; Ed. Gratz, Paris.

The following purchases were made by Bourbon county men; Pat Herman, bh, 13 Bourbon Chief—Rose Scott by Dolan Denmark; Ed Gratz, Paris, \$260; Mamie Jones, bm, 5 King Chieftain—Daughter of Emerald Chief, Henry Caywood, North Middletown, \$235; Pauline Leggett, bm, 5 Red McDonald—Daughter of Bourbon Chief, Henry Caywood, North Middletown, \$200.

WOMEN REPLACING MEN ON WESTERN RAILROADS.

Due to a lack of men to perform the work, the railroad officials are installing a large number of young women in positions along the lines in Nebraska and the States to the west. Indications are that when the spring rush of business sets in many more women will take railroad positions formerly occupied by men who have gone to war or engaged in other occupations.

All through Nebraska young women are being employed as operators and assistants to the station agents in the larger towns. In many of the small towns where the male agents have enlisted or gone into other lines of work the station work is being performed by women and reports indicate that they generally are giving the best of satisfaction.

On the Union Pacific the trunk line telephone wire from Omaha to Ogden is handled entirely by women, whereas six months ago men were employed as stenographers. The telephone line handles practically all the company business, including the train orders.

NEW AUTOS.

The Lexington Cadillac Co. reports the sale of an Oldsmobile Sportster machine to Mr. Wm. B. Ardery, of Paris. A license number was issued last week from the office of the Commissioner of Motor Vehicles at Frankfort, to Mr. John Marston, of near Paris, for a Franklin machine.

War Savings Stamps For the Future Citizen.

The child should be fully educated to the value of the Government Stamps, i. e.—

(1) That as an investment, the United States War-Saving Stamps is in reality a baby bond issued by the Government and represents the best security in the world to-day.

(2) That it is within the reach of every man, woman and child.

(3) That never before and possibly not far a long time to come will such attractive investments, payable in small amounts, be available.

(4) That the time for action is now.

(5) That to divert money from unnecessary purchases to the purchase of War-Savings Stamps not only supplies the Government with money, but also releases materials and labor for the manufacture of war supplies.

(6) That—and this with great emphasis—to buy War Savings Stamps is to evidence patriotism.

THE TOBACCO MARKET.

The Paris tobacco market continued strong and active Wednesday. The block sales were lifted and, due to lighter receipts, all three houses cleared their floors. Receipts were lighter, and the sales held yesterday were in proportion. The Independent House sold 38,155 pounds, for an average of \$34.40. Some of the crop averages follow:

Dudley & Allen, 3,190 pounds; average, \$39.42.

Jones & Hatfield, 3,560 pounds; average \$38.74.

Whaley & Case, 2,905 pounds; average \$39.19.

Parks Barnett, 3,155 pounds; average \$34.94.

Arthur Hendricks, 2,730 pounds; average \$32.95.

J. L. Smith, 1,710 pounds; average \$29.42.

Tobacco continued to roll into Paris yesterday, and the market was almost as good as any of the preceding days. While all the grades have been selling at good prices the market has been very good here on low grades. Bring your tobacco to the Paris market, and you may be made happy yet.

Oder & Daniel, of Bourbon county, sold one crop of 2,640 pounds of tobacco at the Peoples' Tobacco Warehouse, in Lexington, Wednesday, for an average of \$40.21; and another crop of 6,265 pounds at the same house for an average of \$36.21.

For the past 10 days the Maysville loose leaf tobacco market has been steadily advancing until Wednesday, when all records were broken with more than half a million pounds being sold at an average of more than \$28. Although the offerings were mostly common tobacco, prices ranged from \$17 to \$65 per hundred.

THINGS TO WORRY ABOUT.

They do say that the writing desks in Uncle Sam's big Government buildings were placed there for the convenience and accommodation of the patrons of the office. A newspaper man who happened to be strolling through the lobby of the Paris office the other day saw one desk entirely taken up by the representative of a large insurance company, who was holding forth to a prospective customer. At the desk at the other end of the lobby a representative of a nursery firm had the whole desk to himself, covered with catalogs, literature, and other incumbrances. He was busily engaged in transacting his office business there while a number of persons had to wait for a chance to use the desk.

COMING ATTRACTIONS AT THE ALAMO AND GRAND.

"A Petticoat Pilot," the Paramount picture starring Vivian Martin, at the Alamo Theatre this afternoon, and the Grand to-night, is an adaptation of the popular novel of that name by Joseph C. Lincoln. There is an excellent supporting cast for this popular screen star. Wm. S. Hart, in "The Last Card," a western drama, is an added attraction at the same houses afternoon and night.

For Saturday, the Alamo and Grand present a three star combination, Harry Morey, Florence Deshon and Grace Darmond, in a Vitaphone Blue Ribbon feature, "The Other Man," a strong drama of a derelict surgeon reclaimed by the devotion of a society girl. The Big V Riot Squad, in a rattling Big V comedy, "Peanuts and Politics."

For Monday the bill at the Alamo and Grand will be composed of "The Judgment House," the first big J. Stuart Blackton releases on the Paramount program, being the story of a woman's part in the fate of nations. Louis Fazenda, in a new Mack Sennett comedy, "The Kitchen Lady," the story of a down-trodden servant girl who is inclined to sentiment.

THE WEATHER.

Ideal days, bright and fairly warm, have succeeded the winter weather, in this section. Whether merely a temporary concession by the weather man or a passing fancy with him matters not, humanity appreciates the brief respite from snow, ice, sleet and zero temperature. Yesterday the mercury registered as high as 75 degrees.

Weather predictions for to-day call for rain and colder. Constant changes in temperature will be nothing strange to us though, and may be expected until the coming of summer, or settled weather.

MRS. NANNIE CLAY HOWARD'S SALE, MONDAY, MARCH 4, AT 10:30 A. M.

Mrs. Nannie Clay Howard's auction sale of her 118-acre farm will be held on the premises at the intersection of the Clintonville and Ironworks pikes on Monday morning, March 4, at 10:30 o'clock. Remember this is the correct hour of the sale.

PUBLIC URGED NOT TO BUILD HOMES UNTIL WAR IS ENDED.

Because such enterprises make a great drain upon material and labor and material resources, as well as banking credit, at a time when the military requirements are very heavy, Secretary of the Treasury McAdoo has issued an appeal to the public that they build no new homes during the war unless the need is urgent.

U-BOATS SUNK AS FAST AS HUNS BUILD THEM.

Representative Miller, who recently visited the battle front, in France, told the House that he believed German submarines are being destroyed about as fast as Germans can build them. He praised Vice-Admiral Sims for the method he had adopted with American destroyers and cruiser envoys to combat the submarine menace and argued that American shipping should be handled by American naval officers and not by the Shipping Board. There were no Americans in the crews of the two transports on which he crossed the Atlantic, he said.

EAST PARIS HOME SLIGHTLY DAMAGED BY FIRE.

The frame cottage in East Paris, belonging to the John Hennessey estate, and occupied by Mr. J. C. Curtis, blacksmith, was slightly damaged Tuesday afternoon by the explosion of a coal oil stove. An alarm sent in from Box 12 called the fire department to the scene. The blaze was extinguished with chemicals. Property loss slight.

NOTICE TO FARMERS.

Wednesday I made public that I had placed orders for eighty seed testers and stated that I would give notice of arrival.

These testers came in Thursday morning, February 28, so I am ready to distribute them to the teachers and ask that they come or send for same as soon as possible. Also request the farmers to prepare at once and send in twenty ears of corn, of what they believe to be good seed corn, and the schools will begin the work as soon as the testers are received. I am ready now to begin at my office, and will test for farmers at the rate of twelve applicants every five days, or seventy-two every month. First come, first served. You are also requested to bring one nail for each ear, to be used in tagging it.

I am hoping the farmers will take this testing more serious than they have heretofore. This has been talked of by the farm press and preached by agricultural colleges and farmers' institutes until it would seem that it is almost threadbare, but the fact remains that some of our farmers are still planting their seed without testing, which is a thing too dangerous to think of this year, especially if you had corn in the field after December 7th, or if your corn you had gathered even then was not perfectly dry. It concerns you most vitally to have it tested, as a good deal of this kind of corn has been tested at the Experiment Station at Lexington from all counties of the State, and the result is the same in all cases—not more than ten or twenty per cent. of it will germinate. We occasionally hear a man say that he does not need to test seed, that he can tell good seed by looking at it. A most critical examination by the eye can but fail to divulge the truth and at a time like this no good farmer would take a chance of planting any seed that has not been tested. With the value of grain where it is, we must use every effort possible to produce the maximum amount. This can not be done by planting seed that we do not know will grow.

Poor seed means wasted labor. Suppose two farmers, A and B, each planted fifty acres of corn. A's seed is ninety-six per cent. "live," B's is forty-eight per cent. They put the same amount of labor on their fields. Granting the same productivity in the corn that grows on the two farms, B's crop will be only one-half of A's. He has worked fifty acres and has the crop of only twenty-five acres.

This testing will all be free gratis, but ask that the farmers make it as light as possible by following instructions and acting promptly.

A much better plan would be for every farmer to have one of these testers of his own and test every ear he plants, and not plant anything that tests short of one hundred per cent. He could test any other grain he may have, with the same tester. If any farmer should want a tester I can get them for them at fifty cents each, in about six days.

DAY BROS. HAVE GOOD SALE.

There was a large attendance at the Day Bros. sale Wednesday. Auctioneer M. F. Kenney conducted the sale on the premises, near Paris. Good prices were realized, some of them as follows: Horses, \$70 to \$90; cows, \$40 to \$45 per head; yearling steer, \$55; one pair mules, \$285; two-year-old mules, \$90 to \$125 per head; brood sows, \$40 to \$60; farming implements sold well.

RETAIL DEALERS SIGN PLEDGE.

The Food Administration has issued a pledge card which it is asking the retail dealers to sign. The pledge binds the food merchants to endeavor to save wheat, and that they will not sell any wheat flour without selling an equal amount of the substitutes named on the pledge card.

As yet there have been none of the three-quarter loaves of bread offered for sale here, but it is expected that they will be sold within the next day or two. The Food Administration has authorized the baking of this small loaf to accommodate the small families that would not require a pound loaf at a meal.

THE LATEST RIDDLE.

Coming down Main street yesterday at noon THE NEWS man was halted by a Paris merchant who is known as one who keeps up to the very minute in all the good things that make the rounds.

"Have you heard the latest riddle?" he queried of the newsgatherer. Upon the latter's frank admission that he might have heard, and forgotten it the merchant said:

"Why is any little thunderstorm in Paris like 9:00 p. m. in Camp Zachary Taylor? Because all lights are out!"

Does any one dispute it?

LOOKING FOR LOCATION FOR SKATING RINK.

Mr. John B. Elliott, president of the Colonial Amusement Company, of Lexington, who own and control a chain of Central Kentucky moving picture houses, of which the Alamo Theatre and the Paris Grand, are members, was in Paris yesterday.

Mr. Elliott was prospecting for a location for an up-to-date skating rink, and inspected several promising sites, but took no definite action in the matter. He held a conference with several business men on the subject, and if his plans are carried to a successful conclusion, Paris may soon have one of these modern amusement places.

The roller rink was a craze in Paris many years ago, being extensively patronized by all classes, and providing innocent amusement for hundreds. The craze is again sweeping over the State, rinks being in active operation in many Central Kentucky towns.

THE EVERYSTUDENT.

The Paris High School publication, Everystudent, is always interesting and never dull. The February number just off the press at the NEWS job rooms, contains many features. Like its predecessors it is ably edited and the contributions show results of good training from the instructors.

This number embraces a review of the Lyceum Course; The Valentine Party; Life's Little Tragedies; Chapel Notes; Basketball Notes; "The Happy Little Bee" by Alma Louise Goldstein; Wise and Ootherwise; Editorials; The Agony Column; Personals; Questions and Answers; Books They Like to Read; "Discontented," poem by Miss Mabel Templin; "A Mother's Longing" poem, by Miss Edna Snapp; "The Seven Wonders," a humorous skit on the follies of some of the P. H. S. students; "Who's Who," hits P. H. S. boys and girls; "Patron's Day," contribution, (crowded over from January number); "The Fifth-fourth Spasm," "Whittlets," "Doctors Are Heartless Things," contributed poems, and on the back page "Slacker, Think It Over," a vigorous arraignment of the slacker.

"Everystudent" has attained a high rank among High School publications, due to the excellence of its literary material, and the further fact that it is always a finished product, mechanically and typographically.

TO REMOVE AMERICANS FROM RUSSIAN TERRITORY.

WASHINGTON, Feb. 26.—Arrangements have been made to move the Americans in Moscow to Samara, 500 miles to the east. No immediate occupation of Moscow by German troops is expected, but it was thought advisable to move the Americans.

The Consul General at Moscow, reporting these arrangements to the State Department, added that all Americans there were well.

The department also received a dispatch of February 13, saying the Rumanian Premier was preparing to go to Bucharest to meet German Foreign Minister von Kuehlmann and Count Czernin, the Austrian foreign minister, presumably to resume peace negotiations.

LOUISVILLE CONTRACTORS LOSE IN PADUCAH FIRE.

The barns and shelterhouses of L. R. Figg & Son, of Louisville, which firm has a large contract to build roads in McCracken county, were destroyed by fire Saturday afternoon at Lone Oak, five miles from Paducah. Much corn and hay were destroyed. The loss was estimated at about \$5,000, covered by insurance. The fire originated from a defective flue.

YOU'RE BILLIOUS! LET "CASCARETS" LIVE! LIVER AND BOWELS.

Don't Stay Headachy... Constipated, Sick, With Breath Bad and Stomach Sour.

Get a ten-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleans the stomach, remove the sour, undigested fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a ten-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

CARRIER PIGEON DIVISION OF SIGNAL CORPS FORMED.

Carrier pigeons are being trained by the Signal Battalion of the 84th Division, composed of Indiana, Kentucky and Southern Illinois men, at Camp Zachary Taylor, in delivering messages. Twenty birds were presented to the Division by Louisville breeders more than a month ago.

When the pigeons were released for their first flight they were found to have been so well handled by the men of the Signal Corps, in whose charge they had been placed, that not a single bird was lost. Daily flies are held and the distances being increased gradually. Eventually the Signal Corps will have 200 birds.

Major Clarence E. Dougherty, Division Signal Officer, meanwhile, is searching the cantonment for men, enlisted and experienced in handling and training carrier pigeons.

The Clever Man.

The Los Angeles Express has an idea that a clever man is one who never attempts to do things he knows he can't.

Absurdly as matters are conducted in Russia, the people may be happier. They are allowed to talk, which is often regarded as the ultimate of joy.

SAYS KAISER IS GREATEST CRIMINAL IN HISTORY.

CINCINNATI, Feb. 28.—Rabbi David Philipson, in his sermon Saturday morning at Rockdale Avenue Temple said:

"Washington and his co-laborers established a free government on these shores; Lincoln and his followers preserved the Union for freedom; but the days in which we live are infinitely more critical than those of the Revolution or Rebellion.

"Our people are not yet awake to the danger. What is going on in Russia now must convince even the most easy-going how lost to all consideration of honor militarism is.

"Possibly nothing that the militaristic monsters of Germany have done since the initial violation of Belgian neutrality with its attendant horrors has so aroused us to the unspeakable villainy and criminality of militarism as the present invasion of Russia. Through the stupidity or the knavery of the Bolshevik leaders and the trickery of Germany that land now is lying prostrate and defenseless. The armed Hun hordes are sweeping forward and looting and thieving. The Kaiser and his minions are indeed the greatest criminals in history."

Occupy Your Proper Place.

It's continuous confidence in the ideal of your own making that compels success, observes an educator. Some men never question the possibility of defeat. They may have set-backs but not defeats. They are right and know themselves to be right. The rest of the world may be ranged against them for all they care. They have a mission and nothing short of it will satisfy. That's what you should have. Get the proper self-estimate and move up to your place.

RADIUM IS NOW OFFERED TO ALL FOR RHEUMATISM

This Great Curative Property Can Now Be Tried at Home by Anybody.

Radium is one of the most efficient curative properties for rheumatism known to medical science.

But—Radium treatments in the past have been enormously expensive and the cost has prohibited the average man or woman who has rheumatism from trying it. Either the sufferer had to journey to some hot springs to drink the water containing the radium emanations or go to an institution known as an "Emanatorium" where the radium treatment was taken by inhaling the gas or emanations—given off from a quantity of pure radium.

Now, however, the radium treatment is no expensive. Sufferers from rheumatism can try radium right in their own homes and the cost is no greater than the cost of ordinary medicines.

The manufacture of Tanlac, the most widely known general system tonic in America, have placed a medicine on the market and it contains radium.

Tanlac Rheumatism Treatment, under which name the new medicine is being introduced, is complete. It consists of a tablet for internal use and a medicament for external use. Each of the tablets for internal use produces four mache units of genuine radium emanation.

If you suffer from the aches and pains and twinges of rheumatism get Tanlac Rheumatism Treatment today and get a real medicine for this dreaded complaint. You can get Tanlac Rheumatism Treatment at any good drug store where you get Tanlac, the famous tonic.

You can get Tanlac Rheumatism Treatment at Varden & Son's.

AMERICANS AFFECT GREAT SAVING BY MEATLESS DAY.

WASHINGTON, Feb. 28.—Meatless days in the United States have saved 140,000,000 pounds of beef in four months, the food administration announced recently. In this period 165,000,000 pounds of beef were exported to the allies, together with 400,000,000 pounds of pork products. The announcement concludes: "If the many people who have assisted in the accumulation of exportable stocks of meat products could receive the expressions of gratitude with which these shipments are now being received in Europe they would feel amply rewarded for the sacrifices."

About the only current news coming in at this late day. The United States has led the way in world enlightenment, and the sowing of the seeds of freedom too long ever to submit to tyranny. And German victory would mean that.

TRY THIS FOR SOUR STOMACH.

Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one of Chamberlain's Tablets before going to bed.

GRANGE MASTER INDORSES BONDS

Urges Ohio Farmers to Prepare for the Next Liberty Loan Drive

GRANGE SURPLUS ALL INVESTED

Nation's Securities Best Investment on Earth. Farmers Should Prove Patriotic by Buying.

Barnesville, O.—(Special)—Louis J. Taber, master of the Ohio State Grange, urges that the coming Liberty Loan drive be made the subject of special discussion and consideration in the Washington-Lincoln-Liberty meetings now being held in the various sub-granges throughout the state. Mr. Taber favors a big farmer investment next drive.

"The next Liberty Loan campaign," he says, "will afford the Grange an exceptional opportunity to serve patriotically not only our order, but agriculture, the country and civilization at large. The motto of the state grange is 'A bond in every farm home in Ohio.' The state organization has invested every penny of its surplus in Liberty bonds. Sub-granges should follow its example."

"Nor should we stop there. Every patron and every farmer should be reached. For there is not a farmer in Ohio but can afford to buy at least one Liberty Bond on the very easy terms offered. Every one should hold at least one bond. The farmer was not a heavy purchaser in either of the earlier drives. There were reasons justifying this condition then, but there is no adequate excuse for his failure to purchase now."

"No class of men have been more criticized than the farmers, however unjust this criticism may have been. They will soon have an opportunity to refute these charges, and I am confident they will maintain the traditions of their patriotic forefathers by coming nobly to the financial rescue of their country. There is no better or safer investment on earth than a Liberty Bond."

WORK, SAVE, FIGHT.

These are the three cardinal requisites of the present condition of world menace. They are the surmounting beatitudes of our chaotic times. We will ignore them only at our peril. We will shirk them only at an overwhelming cost. We must do not only one, but all to win. And win we must.

To lose this conflict with the Kaiser's hosts; to bend the knee in submission to the will of the Prussian autocracy; to accept peace terms dictated by the war lords of Germany, would be to trail in the dust the highest hopes of Democracy. It would mark the Waterloo of Liberty. It might spell the end.

America wants no autocratic domination at this late day. The United States has led the way in world enlightenment, and the sowing of the seeds of freedom too long ever to submit to tyranny. And German victory would mean that.

So we must work to the utmost in our respective lines that the normal production may be maintained and our material needs may be met fully and promptly.

We must save, economize, curtail, that home consumption may be reduced and our individual resources be kept to their normal standard.

For in doing both we will have more to offer our government, directly and indirectly; through personal sacrifice and investment in war securities.

And we can trust our boys at the front to do their share of the fighting; the spirit of freedom will inspire to that.

Work, save, fight and WIN. That's our program.

THE SHADOW BEFORE.

Remember that story which flashed across the cables some weeks ago about an American sentry having been killed by a German night patrol?

Evidently they surprised and overpowered him. They might just as easily have taken him prisoner. But they didn't.

They cut his throat from ear to ear! Not a pretty story; not a story commending the much vaunted German kultur; not a story calculated to inspire confidence in the Kaiser's closely following peace proposals.

But intensely illuminating! It was notice, served in the German way, of what our boys in khaki may expect.

It was an early intimation of what the gore-maddened Hun may be expected to do if he ever puts his nailed heel and his mailed fist upon American shores.

And in the usual Prussian way it was done in the dark! God help America if we fail to bring every resource to bear in winning this war.

And God help you and yours if you fail to do your part. Buy a Liberty Bond before it is too late.

We MUST strafe the Hun.

A lot of pessimistic prophets are sorely disappointed that the last Liberty Loan failed to "bust the banks."

MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

U. S. GETTING SURPLUS OF ARMY SUPPLIES.

WASHINGTON, February 28.—Seven hundred thousand army rifles have been produced in the United States since this country entered the war, according to a statement made public Wednesday by the Ordnance bureau of the War department. This production, the statement says, is the greatest ever achieved by any country in a similar period.

"We have to-day," the statement says, "a total of 1,300,000 service rifles. Only about 50 per cent of the troops carry rifles. We have in addition 160,000 Krag, 100,000 Russian rifles and some 20,000 Ross rifles, or a total of about 280,000 training rifles."

Rifle cartridge production is on a similar scale, the statement showing that a total of 7,300,000 was the daily average output in January.

GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF.

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed with a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a small bottle of Knowlton's Danderine now for a few cents—all drug-stores recommend it, apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre. And try as you as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Nobody has yet launched a presidential boom for Doc Garfield as the genius back of the heatless Monday idea.

MILLERSBURG

Mr. O. E. Hurst was in Frankfort on business Tuesday and Wednesday.

Mr. and Mrs. M. D. Hurst are spending a few days with relatives at Elizaville.

The many friends of Mr. C. W. Howard will be glad to learn that he is slightly improved.

Mr. Ed. W. Ammerman, of Lebanon, was here on business from Tuesday until Thursday.

Mr. and Mrs. E. D. Baldwin returned Monday after a ten-days' visit to relatives at Maysville.

Elder Alex Sanders, of Paris, was the guest of his daughter, Mrs. W. G. Dailey, Wednesday.

Mrs. G. W. Clifford left Thursday for the bedside of her sister, at Louisville, who is quite ill.

Mrs. G. W. Bramblett returned yesterday from the Good Samaritan Hospital at Lexington, much improved.

Mrs. Ruth Peed returned yesterday after a month's visit to her daughter, Miss Dorothy Peed, in Birmingham, Alabama.

Mrs. Charles Corrington, who recently accepted a position as teacher of the Graded School at Salt Well, returned home Wednesday, ill.

Mr. and Mrs. S. H. Endicott moved Wednesday to their farm near this city. Mr. J. F. McDaniel and family moved yesterday from the property of Mrs. Mary J. Whaley to that of S. H. Endicott.

Rev. A. S. Venable has resigned his charge as pastor of the Presbyterian church to accept the Presidency of Sayre College, at Lexington. As yet he has not been released by the Presbytery. Rev. Venable has served as pastor of the Presbyterian church here for the past six years, and in that time has endeared himself to the good people of Millersburg.

URGE GREATER CARE IN MAKING SURGICAL BANDAGES.

The Surgical Dressing Committee of the American Red Cross, is appealing to the women especially those interested in the making of surgical dressings, for greater co-operation in the task of preparing surgically clean dressings. The public in general is thoroughly conversant with hygienic cleanliness, but the committee realizes that no one who has not seen a surgeon prepare himself to perform an operation can appreciate the extreme care that the medical profession deems necessary to prevent possible infection.

The supervisors in charge of the surgical dressing tables, both at Red Cross Headquarters and at the different auxiliaries, have found great difficulty in enforcing the regulation which comes from Washington forbidding anyone to make surgical dressings before they have laid aside their wraps and furs and without having previously donned a white, long-sleeved apron (of any design whatever) and a covering for the head. The request is also made that the individual workers should have their own aprons and head dresses laundered, in order to decrease the expense of the Red Cross both in money and effort.

TO MOBILIZE COLLEGES FOR TRAINING TROOPS.

It is estimated that within the next six months 75,000 to 100,000 men will be given intensive military training in schools and colleges. They will be drawn from the armed forces of the Nation, men now in training camps about to be called, and registrants under the selective service law.

With a view to mobilizing the educational institutions of the country for this special training there has been created in the War Department a "committee on education and special training." It will encourage and arrange for the technical education of men needed by several branches of the Army.

DEATHS.

CAMERON.

Mr. Chas. Cameron, aged sixty-four, a former resident of Paris, died at his home in Lexington, Monday, after an illness of eight months. Mr. Cameron was a broom maker by occupation, and moved to Lexington several years ago. Besides his wife he is survived by one daughter, Mrs. Charles Barrett of Lexington. Funeral services were held at the grave in the Lexington Cemetery Tuesday afternoon at three o'clock, conducted by Rev. Frank Cassidy.

CAMPBELL.

The funeral of Miss Tommie Campbell, who died at her home in Carlisle, Monday afternoon at 1:30 o'clock, after a protracted illness, was held in Carlisle, Wednesday afternoon. The interment followed in the Carlisle Cemetery.

Miss Campbell was a daughter of the late Col. Thos. Campbell, one of the pioneers of Carlisle. She is survived by her mother, Mrs. Thomas Campbell, of Carlisle, now in her ninetieth year, and one sister, Mrs. Thos. I. Davis, of Winchester. Miss Campbell was a cousin of Mrs. Chas. F. Mann and Mrs. Pearl Deaver, of Paris.

CROXTON.

The funeral of Mr. Charles A. Croxton, aged sixty-nine, formerly of Bourbon county, who died at 2:30 Tuesday morning at the St. Joseph Hospital, in Lexington, was held in this city Wednesday afternoon at three o'clock. The remains were brought from the hospital to the home of Mr. Croxton's sister, Mrs. Harvey Hibler, on Walker avenue.

Services were conducted at the grave in the Paris Cemetery by Rev. W. E. Ellis, pastor of the Paris Christian church. The pall-bearers were, James Buckner, James McClure, Clarence Kenney, Thomas Buckner, D. C. Parrish and Dr. J. T. Vansant.

Mr. Croxton was a native of Bourbon county, but had been residing in Clark county for several years. He had been in failing health for several years, his death following a protracted illness.

Mr. Croxton was a son of the late Mr. and Mrs. Henry Croxton, of this county. He was a brother of Gen. John T. Croxton, of this county, who was sent to Bolivia, South America, by President U. S. Grant, as U. S. Ambassador, and who died there while holding that position. Since leaving Bourbon county, Mr. Croxton had been engaged in farming in Clark and Fayette counties.

He is survived by four sisters, Mrs. Harvey Hibler, of Paris; Mrs. Horace M. Taylor, of Carlisle; Mrs. Mary Grant, of Pensacola, Fla., and Mrs. Elizabeth Champ, of Seattle, Washington.

SUGAR SUPPLY AMPLE FOR PRESERVING, SAYS HOOVER.

Ample supplies of sugar will be available during the coming season, the food administrator announced to meet the necessary requirements of food manufacturers and for house hold preserving purposes.

"All manufacturers of essential food products," a food administration statement said, are advised that they will be able to obtain their full necessary requirements. This applies particularly to the packers of fruits, condensed milk, and such vegetables for the preservation of which sugar may be necessary, as well as the housewives for use in preserving. As the car shortage is relieved supplies of sugar will be available for the necessary preserving purposes. Shipments from Cuba are steadily increasing."

The Kaiser says the people may look forward to a good peace. The Kaiser's people will be thinking any peace is a good peace before the war ends.

The Junior Department of the Christian Sunday School is to furnish the dinner for the Home Sunday week. Mrs. Funk's class will furnish the dinner at another time. Most of these dinners are furnished by different schools all over the State.

The C. W. B. M. of the Christian church will hold their March meeting in the church parlors this (Friday) afternoon. The Triangle Club and the Mission Band will join in rendering the program. All the members are requested to be present.

The regular meeting of the Daughters of Wesley Bible Class of the Methodist church was held at the home of Mrs. C. R. Alexander on Parrish avenue, yesterday afternoon at 2:30 o'clock. The members had a thoroughly enjoyable afternoon including a social hour following the program.

The officers of the Bourbon County Christian Bible School Association will hold a business meeting at the Bourbon County Young Men's Christian Association building, tomorrow (Saturday) afternoon at 1:30 o'clock.

Revs. S. J. Guinn and E. L. Saadford, Lexington evangelists, have been in Paris, seeking a location for holding a revival meeting they propose to conduct here if suitable arrangements can be made. They have conducted successful meetings in Lexington and other Bluegrass cities.

The Presbyterian church will hold services in the court house, Sunday morning at 10:45 o'clock. The theme of the sermon will be, "Can a Christian Meet Death With Confidence." Inasmuch as the fuel crisis has passed, the night service will be resumed. The time for meeting is 7:15 o'clock, and the subject of the sermon will be, "What Am I Worth?"

A beautiful wool bunting service flag has been ordered for the Paris Christian church, and will be placed in position as soon as it arrives. The flag will be six by ten feet in size. It will contain thirty-two stars, representing the number of young men who have gone from that church to join the colors in some part of the army or navy service.

The Christian Endeavor of the Presbyterian church will meet Sunday evening at 6:30 in the court house. The subject will be, "Christian Duty and Privilege." Leader, Miss Zuna Stone. Reference, John 14:12-17. The public is cordially invited to attend. Great interest is being manifested by the young people in this work, and they should be encouraged by the older members of the congregation by their attendance. The contest is over between the Endeavors of Christian church and the this church, and the Presbyterians are elated over the fact that they won by a good margin.

METER WHICH REGISTERS TELEPHONE CALLS.

A recently invented telephone meter, described and illustrated in the March Popular Mechanics Magazine, is designed to prevent errors in charging calls and to make the service more satisfactory to the subscriber in other respects. Beld of comparatively simple construction it can be installed in the signal case of a coin-operated telephone with slight alterations. The device comprises two counters which are actuated electrically and are located just back of the apertures in the front case so that they are visible to the subscriber. When the device is used with a coin-used telephone it shows the subscriber at all times how many calls have been made.

An adjudged text for Garfield and Baker: We have done the things we ought not have done, and we have left undone the things we ought to have done, and there is no efficiency in us.
